The declaration that has been so carefully that I have done notice against the latter effect. The Board's counsel, the Rep & the Secretary [illegible] have been of help carried forward the delay. Let me have a memo please the very formal portion of the delay the 2nd & 3rd are responsible. The other has offer respecting the Rep & declared from the Journal statements & please

Item To the Secretary for resignation & remarks. I believe the report in question had a place in one of those statements. Let me have the statements back please with the information called for.

The Registrar enquires
as the Rep. dated not-
ices. It is known that
there was any long
delay thereon. Tel-
-egram received on
his note of the 18th August the explanation
directed the Survey

2nd Councillor

I think there was
delay all round
tho' the Mysore &
Kadur Boards
seem to have contri-
-buted mostly towards
it - That may be
pointed out to
those Boards. It is
regrettable that the Report
for 1900/01 should
be received and issued
in April 1903.

submitted to his Majesty -
The money which has
been agreed to by the Commissioners
maybe approved.
There has been a very
great delay in this matter &
separate action will be taken
to bring out the cheese and
remedy it.

Yours truly

5. Appendix 1 shows that the revenue of the year increased from Rs.561220 to Rs.592272 or by Rs.11052, while the expenditure fell from Rs.621564 to Rs.568888 or by Rs.52676, which resulted in the increase of the closing balance from Rs.242143 to Rs. 265527. The percentage of closing balances to receipts is given below. The attention of the Presidents of the French Rocks and Kadur L.F.Boards against whom there are debit balances is invited to para 9 of Govt. Pro. No 6747-60/L.F.21-1900 dated 28th Octobe 1901 and they are requested to take early steps to wipe off the debit balances and to maintain the usual working balance as soon as possible.

10. From the above it will be seen that both the Public Works and Revenue Departments exceeded budget limits in Bangalore and Kolar Circles and the Public Works Department in Kadur also, while in other circles, except Kolar Gold Fields, where most of the works provided for were not undertaken, the allotments allowed to lapse by Public Works Department ranged between 2.83 lowest in Mysore to 29.20 highest in Chitaldrug, those allowed to lapse by the Revenue Department ranging between 7.46 lowest in Kadur and 70.79 the highest in Shimoga.

As in the previous year the percentage of establishment charges on account of works executed by P.W.Department was 17.5 per cent, while that of the works executed by the Departmental agency rose from 8.93 to 13.04 per cent.

12. The appended statement No.3 exhibits details of civil charges incurred during 1900-01.

13. II Medical scholarships. No portion of the cost of Medical students undergoing training for the grade of Hospital Assistants was debited to the Kolar Gold Fields Sanitary Board and the increased expenditure shown against the remaining circles as compared with that of the previous year is due chiefly to the supply of text

books

15. Midwives. The number of mid-wives employed, the cost incurred and the number of cases attended to by them are detailed in the following statement. There were 76 midwives as against 73 of the previous year ~~of the previous year~~ and the number of cases attended to by them was 3955 or on an average of 55 each per annum.

16. The figures above given do not include the number of cases attended to by the Kolar Gold Fields midwife and ~~those entirely supported~~ the midwives paid from Municipal Funds.

17. V. Travellers Bungalos and Musafirkhanas.

Appendix No.4 furnishes particulars of expenditure incurred on account of the upkeep of 3rd Class Travellers Bungalos and Musafirkhanas and the number of halts made by and fees collected from travellers.

~~halting~~.

~~halting therein during 1900-01~~. The report for the Mysore Circle furnishes no information in regard to the halts made by travellers in Travellers Bungalow, on the ground that this information ~~at the Head~~ is not available in ~~his~~ the President's office. It should be explained whether Travellers Bungalow books are not supplied to the several bungalows and the number of halts to be recorded therein regularly.

19 The Village Sanitation Rules were introduced into 439 villages of the Tumkur District containing no less than 100 houses, each where the result of the working of the rules was satisfactory. The President of the Hassan District Fund Board reports that he was satisfied from personal inspection that the villagers are were doing their best to remove manure pits and to keep the surroundings of their houses tolerably clean and that there has been a gradual fall in the number of convictions under the Village Sanitation Rules, ~~shows that the Public have become alive to the importance of sanitation~~. But similar information has not been given in other reports and the statement showing the number of villages into which the Village Sanitation Rules were introduced, the number of persons involved and the amount of fine levied in case of conviction, have not been embodied in any of the reports except Shimoga. The attention of the Presidents is invited to para 26 of Government Pro.No.6747-60/ L.F.21-00 dated 28th October 1901 and they are requested to see that such statements are invariably furnished with their future reports.

20 VII Vaccination. As in previous years, the pay and batta of the peon attached to the Deputy Inspector of Vaccination and the cost of animal vaccination were alone charged to the

District

decrease is chiefly due to the non-payment of contribution ~~having been paid as in 1899-1900~~ by the Shimoga Board towards the cost of the construction of the Chamaraja Memorial Hall in Shimoga town.

Amrithmahal Bulls. No bulls were maintained in the Bangalore, Shimoga, Kadur and Chitaldrug circles for breeding purposes, while the reports of the Mysore and French Rocks as well as Kolar Gold Fields circles furnish no information on the point. In the remaining L.F. Circles of Kolar, Tumkur and Hassan, however 7, 1 and 3 bulls were respectively maintained but without any cost to the Distt. Funds. ~~The particulars showing the number of cows covered by the~~ Tumkur ~~bull~~ have not been furnished and the seven bulls of the Kolar District are not being used by ryots owing to their fierceness and wildness. ~~The~~ Two out of ~~the~~ three bulls of the Hassan District ~~are reported to be two old and~~ one ~~has~~ been sold already ~~and~~ the other ~~one~~ is about to be disposed of if found unfit, ~~but~~ the ~~remaining~~ one supplied to the Arsikere Taluk ~~is~~ reported to have been killed ~~and on enquiry being held into the matter.~~ The result of ~~such~~ enquiry should be reported early together with an explanation as to when and for what

The above expenditure includes 2/3rds cost of the Indigenous Hospital ~~at Mysore~~ and the entire cost of the Industrial school at Mysore. From the report submitted by the President of the Mysore L.F.Circle on the working of the Industrial school. it would appear that the total strength at the end of the year was 111 or 18 less than in the preceding year. There were also 17 boys on 30th June 1901 learning the vernacular and arithmetic in the night classes for general instruction. Notwithstanding the prevalence of plague, to which
